Girish Karnad passes away

- **State declares holiday; 3-day mourning; cremation with State honours**
- **But family says NO to State honours; cremation without any religious rituals**

Bengaluru, June 10- Noted actor, filmmaker, playwright and Jnanpith Awardee Girish Karnad passed away this morning. He was 81. Karnad succumbed to a prolonged illness at his residence on Lavelle Road in Bengaluru. Karnad is survived by his wife Saraswathi and son Raghu Karnad.

To mourn the death, Chief Minister H.D. Kumaraswamy announced a holiday today. "It will be a holiday today for one day for all government offices, schools and colleges. Karnad will be cremated with State honours and there will be three days of mourning."

Karnad's family has, however, stated that Karnad's body will be cremated without State honours and without any sort of religious rituals as Karnad did not believe in rituals. When he was chosen to inaugurate Mysuru Dasara in 2014, there was a debate that atheists should not inaugurate the festival, for the reason that they do not believe in the existence of God.

Girish Raghunath Karnad
19.5.1938 - 10.6 2019

Replying to the raging controversy, Karnad, while inaugurating Dasara atop Chamundi Hill in 2014, had said, "According to my understanding, *nasthikas* (Atheists) are those who despise the Vedas and the caste system. If it is considered as the true meaning for the word, I am happy to be known as a *nasthika*, while Jains, Buddhists and litterateurs of yore, Pampa, Ranna and Janna, also fall in the same bracket. The exact word for 'nasthika' in Sanskrit is 'nireeshwara,' for people who do not believe in the existence of Eshwara (God).

(See KARNAD on page 8)

Road to Bengaluru Airport changed

Bengaluru, June 10- For the next two years starting from June 10 (today), the 1.4 km main access road to the Kempegowda International Airport (KIA) terminal will be closed due to expansion work.

During this period, traffic will be directed through the South access road which was opened recently. The road runs parallel to the main access road and is six lanes wide.

This means vehicles coming to the Airport from the city side will turn right after the Trumpet Interchange and reach the South Access Road (SAR).

Vehicles heading out of the Airport from the departure gates will follow the existing exit path from the Terminal and head towards P6 parking to reach the SAR. Vehicles returning from arrival gates will continue using the existing route towards SAR.

MBA - EARN WHILE YOU LEARN

MBA Management By Application

To work or to study further, this is a question dogging the minds of many young graduates today. Here is an opportunity to do both through this UNIQUE Learn – Earn- Learn, Study- Work-Study MBA Program designed by experts from UK, USA and India specially for those young Indians who are dreaming to work in the US, Europe, Middle East and India.

The moment a student joins GEMS B SCHOOL, he or she will be put on an intensive learning module in Mysore for one year, six days a week, with a fifteen day vacation once a year. Apart from learning the prescribed Management syllabus, students will be rigorously trained on their communication skills, Personality, Confidence, Aptitude etc, to make them Industry ready. The student will also be exposed to latest management, leadership and business skills.

In the second year, the student will be transferred to GEMS B SCHOOL-Bangalore, where he/she will work for five days a week in an industry in Bangalore related to the chosen specialisation and study for two days in the GEMS campus located in Bangalore city. The Student will learn the course 70% practically and 30% theoretically, which will drive better understanding of management concepts.

GEMS' placement team will place the student in a suitable job related to the student's specialisation like HR, Marketing, Finance, Healthcare, Event Management, Hospitality etc. The student will be employed in the company as a full time employee and not as a trainee and will be paid a full time salary and not a stipend for this job. The salary will depend on the student's calibre and the prevailing market situation.

On successful completion of two years of learning and earning, students will be awarded an MBA degree with one year of work experience and will be preferred by the Industry for jobs, over their competition. On the strength of this qualification students can apply for employments in the Private sector, Public sector and Overseas as well.

Fees can be paid in easy instalments once in every three months over a period of two years. The fees for this program is designed to suit the purse of all sections of society. Bank loan assistance can be provided.

Diet-driven disruption

Food security and food safety figure in the columns of dailies presenting a number of issues related to the two distinct subjects raised in circles of literati, only to be read by people at large, some feeling concerned and the rest resting unconcerned, the latter kind being convinced that the successive Governments often come out with plans to address the issues but stumble in carrying out the action as planned. Officially sourced data on the annual food production in the country, intimately connected with timely and adequate rainfall, allow one to be in a zone of mental comfort that all is well in the matter of *food security,* notwithstanding the also officially sourced data that more than one-fifth of the country's population are bugged by hunger, without the wherewithal to access food. The issue of *food safety,* engaging the sections in the country's populace who are able to access food in both quantity and quality, doesn't seem to be bestowed the attention it deserves given the media reports of episodes of diet-driven disruption in the health of consumers.

The global watchdog on human well-being, World Health Organisation (WHO), has been pursuing the common cause of access to safe food with the message that safe food is the key to sustaining life and promoting good health. The agency has released figures that estimate 600 million cases of food-borne diseases occur annually worldwide, which translates to nearly one in 10 people falling ill after consuming contaminated food.

Malnutrition and malconsumption of food are different kettles of fish. Episodes of urbanites with money power experiencing diet-driven disruption of their bellies don't make news unlike episodes of the rustics in large numbers getting knocked down by consuming unsafe food, thanks to their disadvantageous position of being unaware of hygiene and the fitness of the food they lay their hands on. In addition, children under the age of five years carry 40 per cent of the food-borne diseases burden with about 1,25,000 deaths every year, according to WHO. India joined countries around the world observing *World Food Safety Day* on June 7, with the Food and Agriculture Organisation facilitating member-countries on the occasion.

While the act of consuming food without a care on indiscretion in the choice of dishes that cause disruption of the tummy is for individuals to be concerned, instances of events where large numbers of people partake in eating, such as wedding lunches and *dasoha* call for utmost care to avoid diet-driven disruption on a mass scale.

EDITOR'S BOTTOMLINE

TAKING LIFE IN STRIDE: ***There was a motley crowd at the local bus stand huddled together under asbestos sheet while it rained heavily. The person standing next to me began to sulk. "It always happens with me. When I am eagerly looking forward to something — be it the declaration of the examination result, delivery of my stitched trousers or even the routine birthday gift, it seldom materialises. Even the bus I am waiting for is elusive. Not even a single bus came in this direction while there are so many appearing in the opposite direction," he lamented. One in the group promptly quipped, "You should move to the opposite bus stand for the benefit of all!" drawing smiles on the faces of those present and helped enliven the wait.*** *—M.S. Vaidyanathan in Deccan Herald*

Loud crowing of rooster triggers legal battle

Saint-Pierre d'Oléron: Loud crowing by a rooster named Maurice has triggered a legal battle between the neighbours and with this, Maurice has become a celebrity overnight.

A local family has been sued because Maurice, one of their roosters, crows too loudly in the morning and disturbs some of the neighbors. The bird's owners claim that they live in a rural environment, where crowing is a part of daily life, but because of an influx of tourists and seasonal residents looking for peace and quiet, the animal's natural instincts have become a nuisance. They've tried keeping Maurice in the chicken coop until 8:30 in the morning, but that's the best they can do, they said, because Maurice is a rooster, he has to crow. Still, their neighbors didn't find that solution satisfactory so they filed a complaint at a regional court.

Ecstasy-scented perfume to fight drug crime

Rotterdam: Dutch Police are offering samples of a special MDMA-scented perfume to the public in the hope that it will help people detect and report drug labs when they pass by them.

Left with no traditional ways of battling drug crime, they've now taken an unconventional approach, creating a special perfume called XTACY which has an aroma very similar to the sweet smell of MDMA, a recreational drug commonly known as 'Ecstasy'.

But they're not selling it. Instead, they're offering samples to the public, to get them familiarized with the smell of the drug, so that when they casually walk by a drug lab producing the illegal substance, they can notify authorities about it.

HEALTH CAPSULE by Bron Smith

What can I take to ease my asthma symptoms?

A Mediterranean diet has been shown to promote respiratory health. Studies have revealed that the Lycopene in tomatoes can lessen asthma symptoms. Other foods that promote respiratory health: Cayenne pepper, garlic, onion, ginger and horseradish break up and clear excess mucus.

** Health Capsules is not intended to be of a diagnostic nature.*

AIR, Mysuru hosts workshop on "Measurement in Radio Broadcasting Course"

"MEASUREMENT IN RADIO BROADCASTING"
at Mysuru
Date : 03-06-2019 to 07-06-2019
Coordinator : Sri. Kashmir Singh, DE
By : ALL INDIA RADIO, MYSURU (FM 100.6 MHz)

Mysuru, June 10- All India Radio (AIR), Mysuru, hosted a workshop on "Measurement in Radio Broadcasting Course" for Engineers from 23 different Stations of All India Radio in the country.

The workshop, conducted by the National Academy of Broadcasting and Multimedia, Delhi, from June 3 to 7, was inaugurated by Sunil Bhatia, Director-Engineering.

Speaking on the occasion, he gave a brief note on Akashvani Mysuru — being the first AIR Station started by Dr. M.V. Gopalaswamy before taken over by the Government and the name of Akashvani, suggested during the period of Dr. Gopalaswamy.

Kashmir Singh, Dy. Director (Engineering), who was the Course Coordinator, spoke on the Measurement course in Radio Broadcasting, its importance, different equipment used and also the latest technology being adopted by AIR.

Abdul Rasheed, Programme Head, AIR, Mysuru spoke about the contribution made by Mysuru Akashvani.

The inaugural session started with invocation by M. Shakunthala, Transmission Executive. Ravi S. Honnalli, AE, welcomed. N. Ramanjanappa, Assistant Director (Engineering), proposed a vote of thanks.

Really...?

- ***You have to eat 5kg (11lb) of potatoes to put on 5kg (1lb) of weight — a potato has no more calories than an apple.***
- ***Kiwano or horned melon belongs to the melon and cucumber family and has horn-like spines all over its body. The ripe fruit has orange skin and jelly-like green flesh inside and tastes like banana.***

When Field Marshal Cariappa got down from his car and gave toffees

Sir,

While reading the story of Field Marshal K.M. Cariappa *(SOM* dated May 28 - 30, 2019), I remembered seeing that great personality when I was a high school boy in Hunsur. It was in 1955-56 or so. The Field Marshal was retired and was freely moving from Madikeri to Bangalore and other places.

Whenever he used to go to Bangalore he had to go via Hunsur. We used to see his imported blue car from the playground passing on the road adjacent to our playground. We used to talk about the Field Marshal with great astonishment and wonder. Once it so happened that the Field Marshal's car stopped near our playground and he came out of the car.

So tall, well-built, wearing a grey suit, he came to the corner of the field and stood straight. We, about fifteen boys who were playing cricket, stopped playing and with great hesitation and fear, we slowly went near him.

He was very happy to see us and spread his strong arms to welcome us near him. He brought a small tin from his car containing toffees and gave a toffee each and asked us what game we played and in which class we were studying, etc.

We were very happy to talk to him. He advised us to study well and play and stay fit. He asked us to say as loudly as possible *"Jai Hind"* three times. Waving his hand, he later wished us goodbye and went back to his car and left.

This incident is evergreen in my memory and I deem it to be our luck to see and talk to that great personality when we were just fifteen.

—Dr. H.S. Raghavendra Rao

IT-TDS Return due date extended till June 30

Mysuru, June 10- With a view to redress genuine hardship faced by the deductors in timely filing of Salary TDS statement in FORM 24Q on account of revision of its format and consequent updating the File Validation Utility for its online filing, the Central Board of Direct Taxes, New Delhi, has extended the due date of filing of Quarter IV FORM 24Q for the financial year 2018-19 from 31st of May 2019 to 30th June 2019.

All Deductors/Employers/ Drawing and Disbursing Officers (DDOs), including Government deductors who deposit TDS through treasury, shall issue the TDS certificate in Part B of Form No.16 to its employees by generation and download through TRACES Portal, in respect of all sums deducted on or after the 1st day of April, 2018.

To ensure generation of accurate TDS certificate in Part B of Form No. 16, the deductor(s) need to report correct data in Annexure II of Form 24Q. The TRACES generated Form No. 16 shall have a unique TDS certificate number, according to N.D.Shreenivaas of Bhavani Associates.

Libraries Dy. Director off to Germany

Manjunath

Mysuru, June 10- A team of seven Public Library Officers led by Umashankar, Secretary, Primary and Secondary Education Department, is visiting Public Libraries of Germany from June 10 to 16 on invitation and complete sponsorship from Goethe Institut, Germany, that has a branch in Bengaluru.

B. Manjunath, Deputy Director, Public Library Department, Mysuru, is also in the team.

State Govt. Employees Assn. District Unit polls on June 13

Mysuru, June 10 (SPN&DM)- The election to the District Executive Committee of State Government Employees Association (2019-24) will take place on June 13.

There are four polling centres in the city and the voting for electing the office-bearers of the Committee will take place from 11 am to 4 pm on that day.

There are 61 office-bearer posts out of which the election will take place only for 30 posts, as the candidates for 31 posts have already been declared elected unopposed.

There are 112 candidates from 22 Departments in the fray. The four centres where voting will take place are: Maharani's Arts College on JLB Road, NTM School on N.S. Road, District Health and Family Welfare Department Office in Nazarbad and Karnataka State Government Employees Association Office on Dhanvantri Road, according to Electoral Officer Harish Kumar, who also said that all preparations have been made for the smooth conduct of the polls.

NEWS BRIEFS

Courses at Music University

Karnataka State Dr. Gangubai Hangal Music and Performing Arts University has invited applications from students for admission to Degree and Diploma courses in Karnatak/ Hindustani Music, Tabla, Veene, Mridanga, Bharatanatyam and theatre works. For Diploma courses, the student should have passed SSLC and second PUC for Degree (BA) courses. The last date to submit the application is June 10 and June 15 with penal fee. For details, visit the University on JLB Road in Lakshmipuram or call Ph: 0821-2419443 or 2402141.

Applications invited

The Bharatiya Samskritika Parishat, located in JSS Mahavidyapeetha premises, Shivarathri Rajendra Circle in city, has invited applications from eligible candidates for the post of Co-ordinator. The Parishat was founded in 2003. Service minded, middle aged Graduates can apply. Retired persons with sound physical fitness can also apply. The application must be addressed to the Director, Publications Division, JSS Mahavidyapeetha, Sri Shivaratri Rajendra Circle, Mysuru-04. For details, contact Ph: 0821-2548211 or 2548212.

Anganwadi Assistant posts

The Department of Women and Child Development has invited applications for recruitment of Anganwadi Assistants for 11 vacant posts in Hunsur taluk under Integrated Child Development Scheme (ICDS). Interested may submit the applications online through www.anganwadirecruit.kar.nic.in before July 2 (5.30 pm), stated the release from Hunsur Taluk Child Development Programme Officer.

Walkathon and Street Plays

Navkis Educational Centre, Mysuru, has organised walkathon and staging of street play on June 11. The event will be inaugurated by Principal V. Vasantha Latha. Students of Navkis will be performing street play in the city with themes like 'Save Environment,' 'Plant Trees, Save Earth,' and 'Don't Cut Trees' to create awareness. Also, the school has organised a walkathon from Police Commissioner's Office during which students will carry placards with message on saving our environment. For details, contact Ph: 0821-2476001 or 2476004, according to press release from the School.

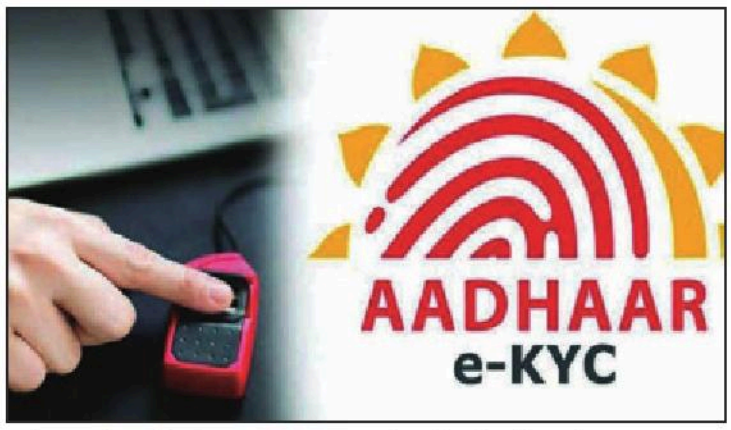
Link Aadhaar with ration card by July 31

Ration will be stopped for unlinked cards from August

Bengaluru, June 10- Those who have ration cards must link that card to Aadhaar Card to get continuous supply of rations. The deadline for linking Aadhaar with ration cards is July 31 and if the cards are not linked by then, rations will be stopped from August.

The process of linking ration card with Aadhaar is a part of e-KYC initiative and once the linking is done, the authorities can easily identify the details of genuine ration card holders, card holders who have passed away and those who have shifted their residence but continue to use their old addresses to procure rations. Duplication and bogus cards will be eliminated in the process.

The e-KYC initiative has already begun and card holders of different categories (Above Poverty Line, Below Poverty Line and Antyodaya) can link their cards at the fair price shops. They need not go to any private firm or a cyber cafe to do the same.



Linking Aadhaar numbers with ration cards was one of the measures introduced to weed out bogus ration cards. The Supreme Court has also allowed the use of Aadhaar identities for the Public Distribution System (PDS) and the State Government had directed the ration card beneficiaries to link the details before July 31.

The Department of Food and Civil Supplies will launch special drives to create awareness among the public on linking the details. "Aadhaar is transparent and accountable.

The linkage is an effective way of weeding out bogus cards. Hence, the beneficiaries should cooperate with the department to accomplish the task," officials said.

Those not submitting details would face difficulties in receiving the benefits in future, they added.

Problems in Aadhaar seeding have cropped up in cases where the Aadhaar card holder has shifted his or her residence. Such Aadhaar card holders must take steps to get their Aadhaar address updated and submit the same to the Department, he said, adding that this will enable the Department to meet the target date set for Aadhaar seeding, officials said.

The government directive says that linking Aadhaar and ration card must be done free of cost and fair price shops cannot charge any fee from consumers. On behalf of the consumers, the State Government itself pays Rs. 5 per registration per person.

If there are any shops that charge money, complaints can be lodged with Food and Civil Supplies Department.

91 KAS Officers transferred

including B.R. Purnima, G. Anuradha

Mysuru, June 10 (RK&SR)- In a major reshuffle of KAS Officers yesterday, the State Government has transferred 91 KAS officers.

According to order issued by Under Secretary, Karnataka State Government P. V. Srinivas, M.K. Savitha, KAS Junior Grade Officer, who was serving as Special Land Acquisition Officer, KIADB, Baikampadi, Mangaluru has been transferred and posted as Secretary of Mysuru Urban Development Authority.

B.N. Veena, Assistant Commissioner Madhugiri Sub-Division has been transferred and posted back as Assistant Commissioner Hunsur Sub-Division.

Hunsur Sub-Division Assistant Commissioner H.G. Chandrashekharaiah has been transferred as Assistant Commissioner of Madhugiri Sub-Division.

Zone 6 Commissioner of Mysuru City Corporation Kusuma Kumari has been as Special Land Acquisition Officer, Project Kabini, Mysuru.

Special Land Acquisition Officer of Project Kabini, Mysuru, Geetha Huded has been transferred as Zone 6 Commissioner of Mysuru City Corporation.

T . Venkatesh, Additional Deputy Commissioner, Raichur has been transferred as the Joint Commissioner of the Department

B.R. Purninma

G. Anuradha

Archaeology, Museums and Heritage, Mysuru.

Deputy Secretary of Mysuru Zilla Panchayat (Administration) Y.V. Shantharaju, has been transferred as Estate Officer of Bengaluru Development Authority.

M.J. Rupa, who had no postings has been transferred as Additional Regional Commissioner, Land Maintenance, Plan and Miscellaneous of Mysuru Division, Mysuru.

B.R. Purnima, Additional Deputy Commissioner of Shivamogga has been transferred as Additional Deputy Commissioner of Mysuru.

G. Anuradha, who was serving as the Additional Deputy Commissioner of Mysuru has been transferred as the Additional Deputy Commissioner of Shivamogga.

All the officials will be taking charge today. As there is no clear order for the post of Mysuru taluk Tahsildar, the Deputy Commissioner has written to the government seeking clarification and a separate order is awaited.

DDPI's reminder: Finalise seniority list of Higher Primary Associate Teachers

The Cluster Resource Persons (CRPs) and Block Resource Persons (BRPs) who have completed three years of work as CRPs and BRPs met DDPI Dr. Panduranga yesterday and presented a memorandum urging him to finalise the place of postings through counselling before the commencement of teachers' transfers.

Mysuru, June 10 (SPN&NNN)- Deputy Director (Administration) Dr. Panduranga has sent a reminder to the Block Education Officers (BEOs) to finalise the seniority list of Mysuru District Government Lower and Higher Primary Schools Associate Teachers for promotion as Head Masters for the year 2019-20.

He has asked the BEOs to finalise the seniority list as found in the 2019 Jan.1 list and to publish a temporary seniority list of Kannada and Urdu Associate Teachers on the Notice Boards.

The Taluk BEOs have also been asked to include the objections raised by the teachers, if any, regarding promotions and if the names of the Associate Teachers have been left out of the seniority list.

Dr. Panduranga has asked the BEOs to send the revised list of Jan.1, 2019 regarding the vacant posts of Head Masters along with the total admission of students to the school to DDPI's office before June 20.

Strictly follow instructions

The BEOs have been asked to follow the instructions strictly regarding the information of service of Associate Teachers, to include whether the teacher is a SC/ST in the column provided, if the teacher is transferred to a different district to include this point before his or her name, if the Associate Teachers in the seniority list is a contract or local employee while being appointed for the job and the date of their joining the service and regularisation of their services must be scrutinised and included.

If the concerned teachers' names are involved in the department or judicial inquiry, then the information must be compulsorily noted in Column 12. If the teachers are transferred from a different district to Mysuru district then the information regarding where they were working earlier compulsorily be included in Column 11.

If the husband-wife are office bearers of any organisation then this information must be included in Column 13. If the Head Masters post is in excess then this must be included, said the Dr. Panduranga.

Focus on long-term UGD management, MCC told

Residents having Rainwater Harvesting facility demand concession in property tax

Mysuru, June 10 (SPN&BCT)- Concession must be given in property tax to those property owners who have Rainwater Harvesting facility at their premises. This was demanded by residents at the monthly meeting of Mysore Grahakara Parishat held last evening at Yadavagiri. The meeting was called to discuss the problems of underground drainage (UGD) faced by different localities.

Participants of the meeting demanded that though the Mysuru City Corporation has been repeatedly asking the residents to install Rainwater Harvesting system and despite this, most of the residents have not complied.

"However, there are residents who have voluntarily installed Rainwater Harvesting facility at their houses in the interest of water conservation and ground water recharging. The MCC must give concession in Property Tax to such residents," they said.

They recalled that those residents who have installed solar systems on their rooftops get concessions in electricity bills. Likewise, concession must be provided in Property Tax for those residents who have installed Rainwater Harvesting system at their premises.

The rest of the discussions focussed on underground drainage that are constantly blocked especially during rainy season where rainwater gets mixed with sewage and flood the roads in localities. Some members alleged that though the MCC claims that it was prepared for monsoon, nothing is being done to repair clogged drains.

Road users are put to severe hardships due to overflowing drains with two-wheeler riders bearing the brunt. Due to the sewage flow, apart from the stink, road users are exposed to air-borne diseases.

Participants highlighted specific areas that face the problem regularly including N.R. Mohalla, Vijayanagar First and Second Stage, Bogadi Second Stage, Kuvempunagar, Sharadadevinagar, Kumbarakoppal, Hebbal, Nivedithanagar, Sriram-pura Second Stage and a few other localities.

While explaining the grave problems of mismanagement of underground drainage, members said that the MCC officers have no action plan to solve drainage problems especially in MUDA Layouts, slums and settlements, village areas amidst city, revenue and private layouts. The members alleged that the MCC engineers take only temporary measures but have not come up with a detailed plan for a long-term solution.

The discussion focussed on drainage blocks due to plastic and sanitary pads. Such items cause a bottleneck and will result in overflowing sewage, members opined.

There are three Sewage Water Treatment Plants in city and MGP members questioned the functioning of plants. Information about the treatment plant, how much water it is treating daily and for what purpose the treated water is being used must be provided to the public to ensure transparency, they felt.

At the meeting, Assistant Executive Engineer of Vani Vilas Water Works (VVWW) Channabasavegowda took the suggestions from MGP members. MGP President Shrimathi Hariprasad, Executive President Prof. S. Sobana, former President R. Chandraprakash, Jagannath, Dr. Renu Aggarwal, Prof. Shankar, Nasrin, Jayaram, Raghavendra, Prof. Dhananjay and others were present.

Three meet watery grave near Shivanasamudra

They were part of six persons from Bengaluru who had come on a trip

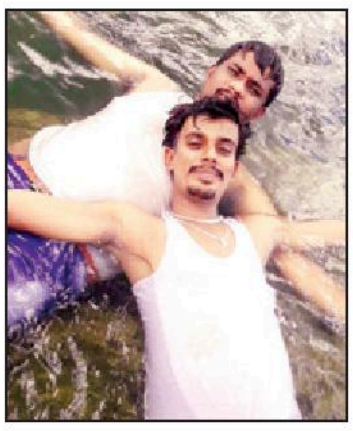
Kollegal, June 10 (Nagendra&KS)- Three persons including a woman, who were part of six persons from Bengaluru, who had come on a trip, met their watery grave near Shivanasamudra yesterday.

Veena

The deceased are Manoj Kumar (23) of Sunkadakatte in Bengaluru, Lokesh (21) of Kothegala village in Ramanagaram district and Veena (23) of Thippanayakanahalli village in Kunigal taluk. They were all colleagues working in a private firm in Bengaluru.

The deceased along with three other colleagues identified as Sindhu of Govindarajanagar, Leela of Annapoorneshwarinagar and Raghavendra, all from Bengaluru, had come to Shivanasamudra on a trip in three bikes.

It is learnt that all the six from Bengaluru went to play in the river near Wesley Bridge as there was less water at the sides. But they went a little further and Veena sat of a rock in the middle of the river during which she slipped and fell into the river.



Manoj Kumar & Lokesh

Manoj and Lokesh, who were nearby, rushed to her rescue but all the three were drowned, according to Police sources.

Though their friends shouted for help, their voices could not be heard as they were far from others and by the time others came for help the three were drowned.

Police said that as there was little water in the river near Wesley Bridge, more tourists had ventured into the water as it was not deep at this spot. But the six of them went a bit further from the bridge and sat on the rocks there and were playing in the water. None of them knew swimming, the Police added.

Meanwhile, Kollegal Circle Inspector Srikanth, Kollegal Rural Sub-Inspector Vanaraju and staff rushed to the spot and conducted preliminary investigation. The bodies of the deceased were shifted to Kollegal General Hospital where post-mortem will be conducted today and the bodies will be handed over to the family members, said Circle Inspector Srikanth to *Star of Mysore*.

Vaastu-Feng Shui & Bio-energetics

By S.B.S.Surendran
Accredited Master Feng Shui Consultant

Happy neighbourhood

Creating happiness and harmony is the primary consideration while adapting Feng Shui. Happiness and a harmony within a home or work place is very important to bring out the best within the individual. Similarly, creating a harmonious home which has a good energy in turn creates a happy relationship within the neighbourhood.

At times one may find that the vibes with the immediate neighbours is not pleasant and shows cracks in relationship and creates discord. Creating a happy environment ensures that the vibes around the home are invigorating and draw in good energy which in turn creates a healthy relationship with the surroundings. Feng Shui is not required for the neighbours we like and mingle, but it can be a place of refuge when you have troublesome neighbours.

All homes have a connect with the neighbourhood and its quite common to have a very friendly and good neighbour or someone who is unfriendly or hostile too. In some of the countries in South Asia, it is quite common for people to take drastic measures when the energy from a neighbouring building threatens their businesses and livelihoods. However, from Feng Shui perspective it is not advisable to adapt strong remedies but adapt methods to neutralise hostility. When there is serious negative energy emanating toward you from your neighbours, it pays to give more attention to your Feng Shui.

For an apartment dwelling, if the problem is from a neighbour who is directly across, then crystals suspended between the doors or pathway can diffuse the negative forces between the homes. However, if it's from the side neighbour, suspend metal wind chime if its right neighbour or place image of metal dragoon with a healthy plant on the left of your door if it's a left neighbour.

For Homes, which are on landed property, the methods are many and one can adapt what is apt for the situation. All the simple suggestions are to harmonise the energy and create good vibes hence any of the remedy or a combination of more than one is also effective.

• Shine bright lights along the side you have hostility or place a large urn of water on the boundary wall or direction of the hostile neighbours home to absorb the bad vibes . The Yin water will absorb negative feelings, bad vibes and soften the relationship.

• Suspend metal trinkets or metal wind chimes to create a happy or harmonious energy.

• You can paint your side of the house which has the hostile neighbour shades of bright white or even decorating with colourful artefacts, smooth crystals etc.

• Tall healthy plants and an array of plants blooming colourful flowers would create Yang energy and transform the hostile effect.

Apart from the Feng Shui approach top mitigate hostility, it is important to also empower the thoughts with positivity and wishing well for the neighbours even if they are hostile as the combined effect of Feng Shui corrections and the positivity in the thoughts will hasten the process and create good harmony which in turn will bring in a new friendship and bondage with the neighbours.

Mysuru youth attends Google Annual Conference

Bhaarat Chetty with Google CEO Sundar Pichai and Lead of Google.ai (Google's AI Division) Jeff Dean.

Mysuru, June 10- Mysuru youth, **Bhaarat Chetty,** a final year B.Tech (Computer Science) student of PES University, made the city proud by attending Google's Annual Developer Conference, Google I/O - 2019, held at California, United States, from May 7 to 9. He returned to India after his three-week long stay in USA.

Bhaarat Chetty is the nephew of University of Mysore Vice-Chancellor Prof. Hemantha Kumar.

Bhaarat Chetty was the only student from the Developer Student Clubs 2017-19 India to have made it to the annual Google I/O Conference, California this May. The conference provided him an opportunity to interact with some disruptive change-makers in technology including, but not limited to, the likes of Sundar Pichai (CEO, Google).

Thrilled to have shared stage with global leaders and developers, Bhaarat says the opportunity helped him engage in fruitful discussions on building applications with Google and many open source platforms (TensorFlow, Flutter, APIs, Google Web Toolkit, App Engine).

He has been a part of the Machine Learning facilitator group with Google India, and has trained over 1200+ students through Google's MLCC programme. He currently leads the Google Developers Group (GDG), Bangalore chapter, as a part of the GDG programme, he helps evangelise technology. He is a tech speaker who loves, taking the stage on topics related to Machine Learning and Artificial Intelligence.

For those aspiring to make it to future Google I/O Conferences, he suggests, "Enrolling in many community programmes beyond college is necessary. It will give you a direction. One must focus on academics, but shouldn't compromise on their true calling."

I want to extend my heartfelt gratitude to Biswajit Mallik and Erica Hanson from Google who have been a constant support in all my endeavours.

"Day by day environment's fresh air is getting polluted"

Regrets Environmentalist Alaknanda

Mysuru, June 10- "Now-a-days man-made sources of the air pollution are industries, agriculture, power plants, automobiles, domestic sources," said Environmentalist Alaknanda J. Adur, Coordinator of Sciences, Surana College, Bengaluru.

She was delivering a talk on "Air Pollution" as part of World Environment Day celebrations at the Institution of Engineers-India (IEI), Mysuru Local Centre, here recently and said, because of the increasing number of air pollutants, it has been divided into two types — primary pollutants and secondary pollutants.

Primary pollutants are those affecting the fresh air directly and emitted from smoke, ash, dust, fumes, mist, spray, inorganic gases, carbon dioxide, carbon monoxide, sulphur dioxide, ammonia, nitric oxide.

Secondary pollutants are those affecting the air indirectly by chemical interactions to the primary pollutants and other atmospheric constituents such as sulphur-trioxide, ozone, hydrocarbons, nitrogen dioxide, etc, she said.

The guest speaker Alaknanda J. Adur being felicitated after the talk on "Air Pollution" at the Institution of Engineers (India), Mysuru Local Centre, recently.

Trees give us the most needed tool for survival, which is oxygen. If humans do not save trees today, they might end up buying oxygen in bottles in future. Saving trees will reduce the effect of global warming.

Apart from human beings, even birds, animals and other creatures depend on trees for food and shelter. Saving trees will help save our ecosystem, she said.

She concluded with the message, "The only valuable asset that we can give our kids is a healthy environment. Save trees and give the future generation a greener planet to live."

Institution of Engineers-India Mysuru Centre Chairman Dr. R. Suresh, Hon. Secretary D.K. Dinesh Kumar and others were present.

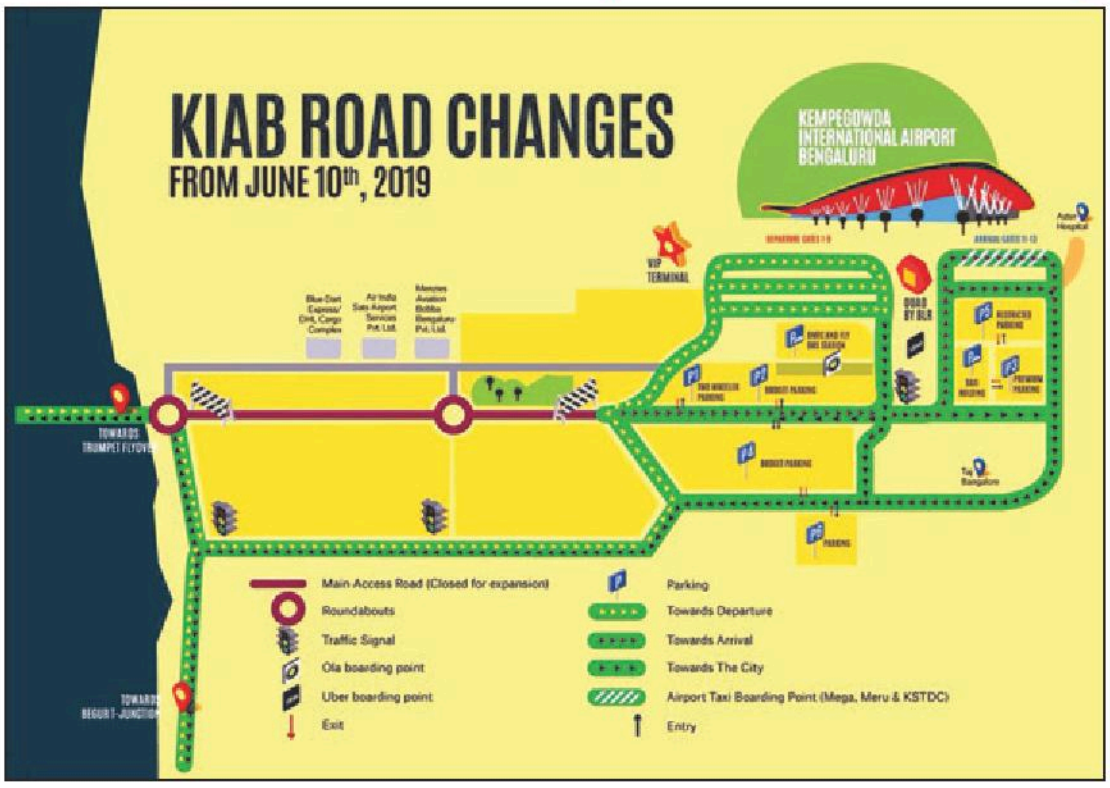
Main access road to Bengaluru Airport to be closed for 2 years

This four-lane Road will be expanded to 10-lane by 2021

Bengaluru, June 10- For the next two years starting from June 10 (today), the 1.4 km main access road to the Kempegowda International Airport (KIA) terminal will be closed due to expansion work. During this period, traffic will be directed through the South access road which was opened recently. The road runs parallel to the main access road and is six lanes wide.

This means vehicles coming to the airport from the city side will turn right after the Trumpet Interchange and reach the South Access Road (SAR). Vehicles heading out of the Airport from the departure gates will follow the existing exit path from the Terminal and head towards P6 parking to reach the SAR. Vehicles returning from arrival gates will continue using the existing route towards SAR.

The main access road which is currently four lanes wide will be expanded to a 10-lane road by early 2021. As part of the same expansion plan, to manage increasing cargo traffic, the secondary road leading to the Cargo Terminals will be widened to four lanes later this year. The Trumpet interchange too will be expanded — from the existing three to five lanes, on either side — without causing any disruptions to traffic movement.



The road map to Kempegowda International Airport (KIA), Bengaluru.

"Owing to a sharp rise in passenger volumes and cargo transportation, vehicular movement at the BLR Airport has witnessed a rapid surge. The trend will increase as the passenger volumes are expected to grow at an intense pace in the coming years. To cater to this stupendous growth, BIAL has invested Rs. 13,000 crore to construct a Terminal 2, second runway and other associated projects," Bangalore International Airport Limited (BIAL), the company that manages the airport, stated.

KIA is currently the busiest airport in South India and the third largest in the country. It was built as a private-public partnership. Private promoters hold 74% (Fairfax 48% and Siemens Projects Ventures 26%) stake in BIAL, while the Government holds the remaining 26% — through Karnataka State Industrial & Infrastructure Development Corporation Limited (13%) and Airport Authority of India (13%).

The Airport began operations in May 2008 with over 37 passenger airlines and 12 cargo airlines connecting Bengaluru to the rest of the country and world. For financial year 2018-19, it clocked 33.30 million passengers registering a 23.8% year-on-year growth.

I&B Ministry institutes first Antarashtriya Yoga Diwas Media Samman

New Delhi, June 10- The Narendra Modi Government has decided to institute the *Antarashtriya Yoga Diwas Media Samman* in order to encourage the media to help propagate Yoga during the run-up to International Yoga Day on June 21.

Announcing this on Saturday, Union Information and Broadcasting Minister Prakash Javadekar acknowledged that the media has been engaged over the past four years in spreading the benefits of yoga and the award was being instituted as a further encouragement.

In all, 33 awards will be given out, 11 each in the three main formats — print, radio and television. Media houses working in all the 22 eighth schedule languages and English will be eligible for consideration of the awards, which includes a medal, trophy and a citation. Six juries will be set up to assess the coverage across media platforms from June 10 to June 25, Javadekar said.

Union Information and Broadcasting Minister Prakash Javadekar addressing a press meet in New Delhi on Saturday.

The practice and propagation of yoga has led to healthy life, healthy living, wellness and prevention of disease. "Yoga is one of India's gifts to the world and has become the mantra of New India under the leadership of Prime Minister Narendra Modi. Yoga has been universally acknowledged by the United Nations (UN) and is now practiced globally around 200 countries on June 21 every year," he said.

The Samman will be given under the following categories:

- **Antarashtriya Yoga Diwas Media Samman (AYDMS) to be conferred on Media Houses engaged in Print Media, Electronic (Television and Radio).**
- **Thirty-Three Sammans will be presented under three categories.**
- **Eleven Sammans to be conferred on 22 Indian languages and English under category - Best Media Coverage of Yoga in Newspapers.**
- **Eleven Sammans to be conferred on 22 Indian languages and English under category - Best Media Coverage of Yoga in Television.**
- **Eleven Sammans to be conferred on 22 Indian languages and English under category - Best Media Coverage of Yoga in Radio.**

Acknowledging the positive role and responsibility of media in disseminating the outreach of Yoga in India and abroad, the Minister said the Ministry of I&B has instituted the First Antarashtriya Yoga Diwas Media Samman (AYDMS) from this year to mark the contribution of media in spreading the message of Yoga.

KSRTC's luxury bus to Mumbai

Mysuru, June 10 (RKB&DM)- In an effort to provide more comfort to long distance passengers, the Mysuru Rural Division of KSRTC has introduced *Airavat Ambari Dream Class* Inter-State bus service from Mysuru to Mumbai starting from today.

Earlier, the KSRTC was operating *Airavat Club Class* luxury service between Mysuru and Mumbai. Starting from today, the *Airavat Ambari Dream Class* service has replaced *Airavat Club Class*.

The *Airavat Ambari Dream Class* is an AC sleeper multi-axle bus having 40 seats. The bus leaves Mysuru Suburban bus stand at 1 pm everyday and reaches Mumbai at 9 am the next day, covering a distance of about 1,100 kms in 20 hours.

The bus, which departs from Mysuru at 1 pm, passes through K.R. Pet, Shravanabelagola, Arasikere, Shivamogga, Harihar, Haveri, Hubballi, Belagavi, Kolhapur, Pune to reach Mumbai at 9 am the next morning.

On its return journey, the bus leaves Mumbai at 1 pm and reaches Mysuru the next day at 9 am, travelling on the same route. **The fare from Mysuru to Mumbai is Rs. 2,000 per head and the KSRTC has provided advance booking facility for the inter-State service.**

Speaking to *SOM* after the launch of the service this morning, KSRTC Mysuru Rural Divisional Controller (DC) R. Ashok Kumar said that all passengers will be provided blankets, bed spreads and water bottles.

Pointing out that there is upper and lower berths totalling 40 push-back seats, he said that every seat has an individual luggage carrier.

Stating that the bus is 14.5 mts long, which is more than 1 mt. long than other multi-axle buses, he said that all the 40 seats were booked online well in advance for today's first trip.

Explaining the other features of the bus, Ashok Kumar said that this was the first *Airavat Ambari Dream Class* service from Mysuru and the Mysuru KSRTC division has plans to introduce more such buses to Chennai, Hyderabad and Belagavi.

He further said that, in a first, a rear view mirror has been fitted at the backside of the bus, in which the images of vehicles coming behind can be clearly viewed.

Out of the 40 seats, two seats are VIP seats and these seats will be filled up if no VIP boards the bus till it departs, he said.

KSRTC Chief Security and Vigilance Officer Lingaraju, Depot Manager Mahesh and other officials were present at the launch of the new service.

An era in Indian theatre and cinema ends

Girish Karnad in movie 'Samskara.'

Bengaluru, June 10- *Jnanpith* Award winner Girish Karnad was one of the most noted playwrights in India. He wrote his first play, the critically acclaimed 'Yayati' (1961), while still at Oxford. Centred on the story of a mythological king, the play established Karnad's use of the themes of history and mythology. Karnad's next play, 'Tughlaq' (1964), tells the story of the 14th-century sultan Muhammad bin Tughlaq and remains among the best known of his works.

Karnad has written numerous plays in Kannada and is considered one of Kannada literature's foremost playwrights. Apart from 'Yayati', his other most popular plays were 'Hayavadana' in 1972 and 'Nagamandala' in 1988. 'Tughlaq' made Karnad a name to reckon with among playwrights in the country.

He was conferred *Padma Shri* in 1974 and in 1992, he was awarded *Padma Bhushan*. He was the recipient of *Jnanpith*, India's highest literary prize, in 1999 for his contributions to literature and theatre. Karnad's acting and screen-writing debut came in 1970 in the Kannada film 'Samskara' (1970), which is based on a novel by U.R. Ananthamurthy. The film won the first President's Golden Lotus Award for Kannada cinema. Karnad followed with 'Vamsha Vriksha' (1971), co-directed by B.V. Karanth.

During this period Karnad continued to produce work as a playwright, including 'Hayavadana' (1971), widely acclaimed as among the most important plays of post-independent India. Karnad's well-known films in Kannada include 'Thabaliyu Neenade Magane' (1977) and 'Ondanondu Kaaladalli' (1978). He also worked in Hindi, directing the critically acclaimed 'Utsav' (1984), an adaptation of Shūdraka's 4th-century Sanskrit play 'Mrichchakatika.'

His Hindi movies include 'Nishaant', 'Manthan', 'Swami' and 'Pukar'. He had acted in a number of Nagesh Kukkunoor films, starting with 'Iqbal', in which Karnad played the role of a ruthless cricket coach. This was followed by 'Dor', '8 x 10 Tasveer' and 'Aashayein'. In 2012, he played the role of RAW Chairman, Shenoy, in Salman Khan-starrer 'Ek Tha Tiger'. He reprised his role of Shenoy in 'Tiger Zinda Hai'.

Outside of his work on stage and on screen, he was an active voice against violence against writers and journalists in India. On the one-year anniversary of the murder of journalist Gauri Lankesh, he attended an event with a placard around his neck that read, "#MeTooUrbanNaxal."

During the Police investigation into Gauri Lankesh's murder, they found that Karnad's name was first on a hit list of a far-right conspiracy, by members associated with groups that were targeting several litterateurs and rationalists.

He was born in Maharashtra on May 19, 1938. He got his Bachelor's degree from the Karnataka University in 1958 and then proceeded on a fellowship to study at Oxford where he secured his M.A. degree in 1963. At Oxford, Karnad studied philosophy, politics, and economics.

Girish Karnad passes away

(Continued from page 1)

Soon after the death, Karnad's body was shifted from his residence on Lavelle Road as the family members did not want crowds to assemble in front of the house. The body was later taken to Kalapalli Crematorium at Bayyappanahalli. Till around 2 pm, only close relatives and theatre personalities were allowed inside the crematorium. The cremation was scheduled to take place at 4 pm.

Speaking to reporters, Karnad's son Raghu Karnad said that they did not want people to crowd Karnad's house causing inconvenience and traffic snarls. "My father did not believe in any religious rituals and that is why we have decided to cremate him without rituals and even State honours," he said.

Girish Karnad is one of Kannada literature's foremost playwrights. Following the news of his death, condolences poured in from across the country including from Prime Minister Narendra Modi.

Modi wrote: *"Girish Karnad will be remembered for his versatile acting across all mediums. He also spoke passionately on causes dear to him. His works will continue being popular in the years to come. Saddened by his demise, may his soul rest in peace."*

Karnad has written numerous plays and has also acted in a number of Kannada and Hindi films.

Poor response for Highway bandh

Mysuru, Chamarajanagar/ Ramanagaram, June 10 (OSR)- The day-long State-wide highway blockade called by Karnataka Rajya Raitha Sangha (KRRS) and Hasiru Sene (Kodihalli Chandrashekhar faction) evoked poor response in Mysuru district this morning.

Protesting against the State government's move to amend the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, the farmers' organisations in Mysuru gave a call to block traffic on Bengaluru-Mysuru Road near Ramanagaram and on the inter-state highway through Chamarajanagar and on Hunsur-Mysuru Highway.

Though a few farmers blocked Chamarajanagar Highway, they did not block Bengaluru-Mysuru Highway and Hunsur-Mysuru Road. Sporadic protests were held in Ramanagaram for some time. Members of Chamarajanagar District unit of KRRS and Hasiru Sene held protest by blocking the National Highway 209 between Yelandur and Kollegal.

Traffic was thrown out of gear for half-an-hour as hundreds of farmers blocked the highway connecting Chamarajanagar with Kerala and Tamil Nadu. The protesters shouted slogans against the State Government condemning its proposed amendments that will facilitate acquisition of farm land for various development projects without farmers' consent.

50th wedding anniversary celebrated

Hotelier, Film Producer and MLC Sandesh Nagaraj and his wife Nethravati Nagaraj celebrated their 50th wedding anniversary at a ceremony in Ittigegud today. A large number of politicians, friends, relatives and well-wishers greeted the couple.

Bharatanatyam Rangapravesha held

The Bharatanatyam Rangapravesham of Bhuvaneshwari Praveen, disciple Guru Vidu. Mithra Naveen, was organised at Jagannmohan Palace auditorium last evening under the aegis of Nadavidyalaya Academy of Music and Dance and Ediga Family. She was accompanied by Guru Vidu. Mithra Naveen on natuvanga, Vid. Naveen M.S. Andagar - vocal, Vid. Dasappa on morching and Vid. M.R. Rajesh on flute. Picture right shows Aparna Garg, Divisional Railway Manager, Mysuru Division and Guru Vidu. Mithra Naveen lighting the lamp to inaugurate the event as others look on.

Pramathi Hillview Academy Secretary H.V. Rajeev is seen lighting the lamp to inaugurate the Bharatanatyam Rangapravesha of Vidu. M.S. Shruthi Gokul, disciple of Vidu. T.S. Sreelakshmi Kumar, Director of Sri Umamaheshwara Nrutya Kalakshetra Trust, at Kalamandira on Hunsur Road yesterday. Nrithyagiri Director Vidu. Kripa Phadke, Lyricist Ballenhally Manjunath, VASP Theatre-Bengaluru Director S. Vinay and others are seen.

'Raja Sambhrama' delivers lilting melodies of Dr. Raj movies

Mysuru, June 10 (MK&US)- Marking the 90th birth anniversary of Matinee Idol Dr. Rajkumar, a musical programme *'Raja Sambhrama'* was organised by Dr. Rajkumar Musical Group at Jaganmohan Palace here on Saturday. Popular songs of Raj movies like 'Ragavo Anuragavo' from 'Yarivanu', 'Shravanamasa Bandhaga' from 'Shravana Banthu', 'Thamnam Thamnam' from 'Yeradu Kanasu', 'Nagu Nagutha' from 'Bangarada Manushya' covering over 20 hit numbers were sung by Jayaram, Sarvamangala, Charan, Ramyasri, Prakruti, Ramprasad and Balaraj. Speaking on the occasion Senior actor Srinath recalled his association with Rajkumar.

He praised Rajkumar, who used to get in fully into the shoes of the character being essayed to present a natural behaviour. He opined that the devotional songs sung by Rajkumar would surely evoke divinity in any listener. He regretted that Kannada medium schools were drawing little response which could pose a danger one day for the existence of Kannada.

Sri Ilai Alwar Swamiji of Melukote graced the occasion. Dr. Raj's relatives S.A. Govindaraj, Lakshmi Govindaraj, Film Producer S.A. Srinivas, Theatre artiste Rajashekar Kadamba, Mike Chandru and others were present.

ICC World Cup - 2019

India beat defending champions

London, June 10- India made a massive statement of intent by beating five-time and defending champions Australia by 36 runs in a World Cup 2019 league encounter at The Oval in London on Sunday.

This was India's second win in World Cup 2019 following their victory over South Africa. The back-to-back wins put India third in the league table with only England (3 matches - 2 wins) and New Zealand (3 matches - 3 wins) ahead.

Sunday saw a complete performance from the Indian team with Shikhar Dhawan and Virat Kohli starring with the bat while Bhuvneshwar Kumar and Jasprit Bumrah took three wickets each to get the job done with the ball.

Shikhar Dhawan's 117 and his 127-run opening stand with Rohit Sharma laid the foundation for India posting 352 for five after captain Virat Kohli win the toss on a sunny London morning at The Oval.

Kohli himself hit a brisk 82 and combined with Hardik Pandya for a 81-run third-wicket partnership that saw the pair pummel the Australian bowling attack.

India then dismissed Australia for 316 in 50 overs to record their second straight victory of this World Cup 2019 after an opening win over South Africa.

Half-centuries by David Warner and Steve Smith were not enough for the five-time champions whose record in the round-robin group stage now stands at two wins from three.

Former captain Smith and Warner have both returned to international cricket in fine form after completing one-year bans for their part in a ball-tampering scandal.

BRIEF SCORES

India: 352 for 5 in 50 overs (Shikar Dhawan 117, Rohit Sharma 57, Virat Kohli 82, Hardik Pandya 48, M.S. Dhoni 27, M. Stoinis 2 for 62) bt **Australia:** 316 in 50 overs (David Warner 56, Aaron Finch 36, Steven Smith 69, Usman Khawaja 42, Maxwell 28, Alex Carey 55 n.o., Bhuvenshwar Kumar 3 for 50, Jasprit Bumrah 3 for 61, Yuzvendra Chahal 2 for 62); **Player of the Match:** Shikar Dhawan.

Nadal does the dozen

By beating Thiem, the Spaniard wins third straight Roland-Garros title and 12th overall

Paris, June 10- Rafael Nadal's indomitable grip on Roland-Garros finals has firmed with the Spanish great collecting an unprecedented 12th trophy from the same Grand Slam on Sunday.

Austrian fourth seed Dominic Thiem fell victim in the title match for the second year running, this time salvaging a set for the first time in four meetings with Nadal in the French capital.

After three hours and four minutes, under grey skies, on his favourite ochre-earthen domain, Nadal completed the 'perfect dozen' 6-3, 5-7, 6-1, 6-1.

This is his 18th major singles title. Two thirds of those have come on the *terre battue* and he is now just two shy of Roger Federer's all-time mark.

Interested may apply along with the photocopy of their marks card, photo and mobile number to the Office of Sri Krishna Dhama, Sahukar Chennaiah Road, Saraswathipuram, Mysuru - 570009.

For details, contact Ph: 0821-2544004 or Mob: 93412-07703 or 94491-31814.

Vedike opposes indiscriminate de-silting of Tavarekatte pond

Mysuru, June 10 (PM&US)- Members of Mysore Kannada Vedike staged a protest at Tavarekatte on Chamundi Hill Road here on Saturday opposing the indiscriminate de-silting of the pond on the pretext of development.

The members alleged that the District Administration in association with J.K. Tyre had taken up developing of Tavarekatte Pond at a cost of Rs.16.5 lakh.

They pointed out that hundreds of truck loads of very fertile silt from the pond was being shifted illegally to a brick manufacturing factory leaving the pond barren and terminating a copious bloom of lotus.

They urged the Government to halt such unauthorised process on the pretext of development.

Nayakas demand increase in reservation quota

Mysuru, June 10 (MTY&DM)- Nayaka community members staged a demonstration in front of the Deputy Commissioner's Office here recently urging the State Government to increase ST reservation to 7.5 percent to maintain parity with the Central Government quota.

Pointing out that the Central Government has accorded 7.5 percent reservation for Scheduled Tribe (ST) communities in jobs and education, the protesters claimed that the ST communities were not getting 7.5 percent reservation in the State, which is a grave injustice to them.

Maintaining that the State Government had failed to accord reservation to ST as per population, they alleged that the State Government's failure to increase reservation was a grave injustice to the Nayaka community.

Claiming that the ST community has been accorded only 3 percent reservation in the State since 1956, they urged the Government to raise it to 7.5 percent and to fill up all SC/ST backlog vacancies in the State.

State BJP ST Morcha Secretary M. Appanna, advocate Paduvarahalli M. Ramakrishna, Community leaders Katur Devaraj, Dyavappa Nayaka, Hinkal Kempa Nayaka, Udbur Mahadevaswamy, Prabhakar, Kodakola Narayan and others participated in the protest demonstration.

Loan facility for Backward Classes: Applications invited

Mysuru, June 10- The D. Devaraj Urs Backward Classes Development Corporation has invited applications from candidates belonging to backward communities for availing various benefits extended by the Corporation for the year 2019-20.

The facilities are extended under Chaitanya Sahayadhana Yojane, D. Devaraj Urs Self-employment Scheme, micro-financing, loans and subsidy for traditional craftsmen and those engaged in occupational jobs, interest-free student loans for pursuing higher education in foreign Universities and Ganga Kalyana Yojane.

The applicants, belonging to Backward Class Categories - 1, 2A, 3A and 3B (barring Vishwakarma and sub-castes, Uppara community and its sub-sects, Ambiga community and its sub-sects and religious minorities) with annual family income not exceeding Rs.40,000 for rural applicants and not exceeding Rs.55,000 for urban applicants. Also, applicants must be in the age group of 18 to 55 years.

The prescribed application forms at free of cost can be collected from the District Office of D. Devaraj Urs Backward Class Development Corporation in Mysuru or at the Backward Classes Welfare Department in all taluks or visit website *www.karnataka.gov.in/dbcdc.* The last date for submitting filled in application forms along with necessary documents is July 12. For details, call Ph: 0821-2341194.

4,726 women benefited from CM's Mathrushree Scheme

22,726 from PM Matru Vandana in Mysuru

Hootagalli Anganwadi Worker Rekha handing over Registration Certificate to a beneficiary at the Anganwadi Kendra.

Mysuru, June 10 (RK&SR)- As many as 4,726 women were benefited from CM's Mathrushree Scheme and 22,726 from Pradhan Mantri Matru Vandana Yojana, the maternity benefits provided by the State and Central Governments respectively for pregnant and lactating mothers in the district so far.

Both the Governments have been implementing this scheme through Department of Women and Child Development (DWCD) effectively in the district.

Speaking to *Star of Mysore,* Deputy Director of DWCD K. Padma said that the registration for CM's Mathrushree Scheme and Pradhan Mantri Matru Vandana Yojana will be done in all Anganwadi Kendras, at all Primary Health Centres (PHCs) and Taluk Hospitals on every Thursday and District Hospital on all working days besides at the Taluk Office of Child Development Programme Officer.

Under the CM Mathrushree Scheme, pregnant women (seven months pregnant), who are BPL (below poverty line) card holders, will be given Rs.6,000.

The amount will be credited directly to their bank account which is linked to their Aadhaar card. This facility can be availed for two deliveries.

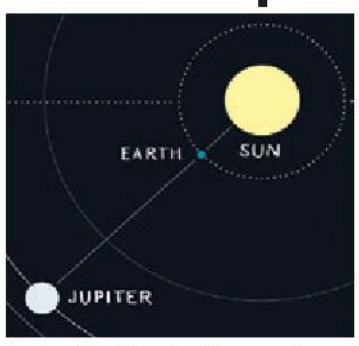
The Pradhan Mantri Matru Vandana Yojana is for both APL (Above Poverty Line) and BPL card-holding pregnant women and mothers under post-natal care, Rs.5,000 will be credited directly to the bank account linked to Aadhaar card, in three instalments to the beneficiaries.

Pregnant and lactating mothers must bring the required documents for registration such as Aadhaar copy of beneficiary and husband, Mother and Child-care Card, Bank account details of beneficiary, copy of BPL/APL card and details of Primary Health Centres.

Beneficiaries are requested to contact their Anganwadi workers and Accredited Social Health Activists (ASHAs) for details.

SKYWATCH

Spectacular visibility of Jupiter tonight



Jupiter is the most resplendent bluish-yellow planet in the Solar System and is regarded as the biggest planet. In 2019, Jupiter will prolong to dominate the night sky during June, July and August.

Jupiter, the monster planet, is reaching 'Opposition' on June 10.

'Opposition' is the astronomical occurrence when a planet farther from the Sun than Earth appears opposite the Sun in the sky. On this date, planet Earth flies between the Sun and the gas giant Jupiter.

On June 10, Jupiter, the fifth planet from the Sun, will be nearest to Earth and could be the brightest celestial object on that day. During planetary opposition, the planet is up entire night and generally closest for the year.

Jupiter is the second brightest planet after Venus. A few weeks before and after the opposition on June 2019, Jupiter will be very bright, reaching a visual magnitude of about -2.5 to -2.6.

This will be an excellent opportunity to observe Jupiter, its Great Red Spot and Jupiter's four largest satellites namely Io, Europa, Ganymede and Callisto. These celebrated satellites of Jupiter can be seen in a binocular also. A telescope with a magnification of 40 times or above is preferred in observing Jupiter.

Visual magnitude is a measure of the brightness of a celestial object. The visual magnitude of a faint star is large and positive. The brighter a star is, the smaller the visual magnitude will be. In a clear night, the faintest stars that can be observed by naked eyes in the countryside would have a magnitude of around +6. The apparent magnitude or brightness factor of Jupiter during June and July is -2.6. [Note: Negative sign convention indicates that, the brightness will be maximum and for the positive sign convention, the brightness will be minimum]

From Mysuru, Jupiter will be perceptible between 19:46 to 05:29 or evening 7:46 pm to morning 5:29 am. It reaches the highest point or pinnacle in the sky at around midnight local time.

Jupiter can be seen in the vicinity of first magnitude star 'Antares,' the brightest star in the constellation 'Scorpius' and Antares is often confused as Jupiter. Generally, Jupiter reaches opposition about every 13 months and the next 'Opposition of Jupiter' is on July 14, 2020. The distance between Jupiter and Earth on June 10 shall be 640.9 million kilometres.

At around 11.30 pm, Jupiter will reach the highest point in June and this planet stands 20 degrees before the end of twilight. The most interesting aspect during the observation of Jupiter is 'Great Red Spot'. This iconic spot has been shrinking over the past several decades and currently spans about 1.3 Earths, but is remains colourful and easy to see at 100x magnification and higher in good seeing. The Great Red Spot maintains its orange-red hue in recent years, a colour shared by the sulphur-encrusted, volcanic satellite of Jupiter Io, the only of the bright satellite of Jupiter to show a distinctive colour.

Jupiter was visible in the morning sky from the first week of January just before sunrise in the constellation 'Sagittarius' in which it remains almost throughout the year. Presently, Jupiter is clearly perceptible in the south eastern direction at about 8:00 pm from all parts of the country in the constellation 'Ophiuchus'.

Slightly below Jupiter in the same direction, Saturn can be seen as white dot. Jupiter revolves around the Sun with a period of about 11.86 years. In ancient China, the year was counted according to the position of Jupiter on the celestial sphere, and matched to the 12 Earthly Branches. So Jupiter is also known as the Age Star. Opposition of Jupiter will occur about once every 399 days.

Absolutely no telescope is required to enjoy the pulchritude of Jupiter. Jupiter is effortlessly discernible, as a bright watermelon-colored star rising in the East after sunset, can be found virtually overhead at midnight, and sets in the West at dawn. Never forget to witness Jupiter on June 10 and do enjoy the grandeur and magnanimity of sky-watching.

'Operation Wheel Lock' by KR Traffic Police

Mysuru, June 10- Following the withdrawal of 'Tiger' vehicle, which was used to lift two-wheelers and tow four-wheelers parked in 'No Parking' zones, City Traffic Police have commenced 'Operation Wheel Lock' by locking the front wheels of two-wheelers parked in 'No Parking' zones in their respective jurisdiction.

Yesterday morning, K.R. Traffic Police conducted 'Operation Wheel Lock' on vehicles parked in 'No Parking' zones and have imposed fines on more than 100 vehicle owners.

Though the vehicle owners were seen pleading with the Cops to let them go by assuring the Cops that they would not commit such offence again, the Police, who did not care for the pleas, told them that they had committed offence by parking the vehicles in 'No Parking' zones and hence they had to pay the fine.

At about 9 am yesterday, K.R. Traffic ASI Siddegowda and staff, who arrived at Agrahara Circle, began 'Operation Wheel Lock' from Basaveshwara Road by locking the front wheel of two-wheelers parked in 'No Parking' zones. More than 50 persons paid the fine and took back their vehicles.

A fine of Rs.100 is imposed on vehicle owners if they pay the fine on the spot. In case the owner is not present at the spot, the vehicle will be towed to the Police Station and such owners have to pay a fine of Rs.750 and take their vehicles from the Police Station.

—ASI Siddegowda

Two-wheeler owners, whose vehicles were locked, were in for more problems when they tried to pay the fine. When the Police entered the vehicle's registration number on their Blackberry devise to collect fine, the devise showed the previous traffic offences committed by the vehicle owner such as helmetless riding, signal jumping etc. for which they had not paid the fines. They had to pay the fines for the previous traffic violations along with the present one to get the vehicle released.

The operation was also conducted on Ramanuja Road, M.G. Road and Sayyaji Rao Road, where the Police locked the front wheels of two-wheelers. The operation ended by noon.

Earlier, when two-wheelers were parked in 'No Parking' zones, staff of 'Tiger' vehicle used to lift the vehicles and put them in the jurisdictional Traffic Police Stations.

The vehicle owners used to go to the concerned Police Station, pay Rs.300 fine and take the vehicle back.

After the 'Tiger' operation was suspended, 'Operation Wheel Lock' was introduced. KR, NR, V.V. Puram, Kuvempunagar, Siddarthanagar and Devaraja Traffic Police Stations have been given 50 wheel locks each for the operation and the Police personnel have begun the operation.

Two New Models of Honda Two-wheelers Launched at NAKSHA HONDA

Mysuru, June 10- Honda Motorcycles & Scooters India (HMSI) launched 2 of its new two-wheeler models in city recently. The newly released limited editions of two-wheelers - **Honda Active 5G and Honda CB Shine** are available at **Naksha Honda** showroom located on Sayyaji Rao Road in the city.

The Limited Edition of Honda Activa 5G has many added features. The new model is available in a choice of two dual tone colours, one White with Silver and another Silver with Black. The vehicle comes with the trusted 109.19cc HET Air Cooled engine which produces 7.96PS of power and 9Nm of Torque.

The other vehicle released **Honda CB Shine** gets a new set of graphics, a new side cowl and two dual-tone colours - black with metallic red and black with metallic silver.

Former MLA Vasu released the two new vehicles at Naksha Honda Showroom on Sayyaji Rao Road recently. The Showroom partner, Abhijith Hegde, Senior Advocate Harish Hegde, 'Law Guide' monthly magazine editor H N Venkatesh, BJP Leader B P Manjunath, Naksha Honda General Manager - Karthik Nayak and others were present on the occasion.

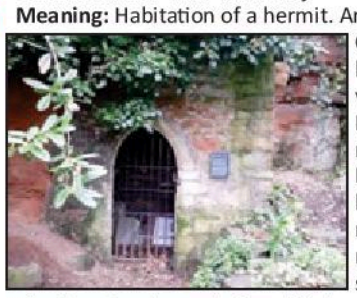
ADVT

WORD OF THE DAY

Hermitage

Pronunciation: huh· muht·uhj
Meaning: Habitation of a hermit. Any secluded place; retreat; hideaway.



Origin: The history of the English noun hermitage is complicated by the unetymological h-. Middle English and Old French have both hermitage and ermitage (and many other spellings). Late Latin (in a 5th-century Christian author) has erēmīta (correctly) "eremite, hermit," from Greek erēmītēs, a very rare noun and adjective meaning "of the desert," and first occurring in the Septuagint (the Greek translation of Hebrew Bible dating from 3rd century b.c.) in the Book of Job. The Greek noun (and therefore Latin, too) is a derivative of erêmos (also érēmos), an adjective and noun meaning "solitary, desolate, lonely; a desert." The spellings herēmīta and its derivative herēmītagium first appear in Medieval Latin. Hermitage entered English in late 13th century.
Example: I had found out for myself a little hermitage. It was a kind of leafy cave, high upward into the air, among the midmost branches of a white-pine tree. — Nathaniel Hawthorne, The Blithedale Romance, 1852.

THE ODD WORD

Hinky

Dishonest, suspect, or unreliable.

PHRASE OF THE DAY

Harvest moon

Meaning: The full moon closest to the autumn equinox.
Origin: Let's start with the equinox, which involves the sun rather than the moon. The equinox is the time when the Earth's equatorial plane is directly in line with the sun. At that time the length of the day and of the night are equal. This happens twice a year; once in the spring, around the end of March and again in autumn, around the end of Sept. The date of Harvest moon isn't the same each year, as it is fixed by the appearance of nearest full moon, which can fall on any date.

For those interested, a fuller definition of Harvest moon in the Northern Hemisphere is "The moon which is full within a fortnight of the autumnal equinox (22nd or 23rd Sept.), and which rises for several nights nearly at the same hour, at points successively further north on the eastern horizon." As far as the linguistics of 'Harvest moon' go we know that it has been used as a name since at least the 18th century. The English poet Isaac Watts was an early user of it in the lyric poem *The Celebrated Victory of the Poles,* 1706.

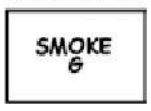
QUOTE BOX

Everyone is a moon, and has a dark side which he never shows to anybody.

— Mark Twain

RIDDLE THIS

Solve the rebus below:



Answer: Go up in smoke.

SUDOKU

'Free exchange between Management and Union will make industry strong'

Dr. N. Muthukumar, Imm. Past Chairman, CII Karnataka, addressing the gathering as Dr. K. Anantha Gowda, Convenor, HR Panel; A.C. Narendra, Advocate and Management Consultant; Amit Kumar, Vice-Chairman, CII Mysuru; H. Mahadevan, Working President of AITUC and Meenakshi Sundaram, General Secretary, CITU, Karnataka, look on.

Mysuru, June 10 - "Transparent discussion between Management and Union will always make the industry strong. Unless the industry is strong we will not be able to generate money and employment; only when we generate employment that too in competitive environment the country can progress," said N. Muthukumar, Immediate Past Chairman, CII Karnataka and President and Whole Time Director, Automotive Axles Limited.

Speaking during an interaction organised by CII, Mysuru chapter on '*Progressive Approach for Industrial Relations with Management and Trade Union Leaders*' at *Hotel Southern Star* recently, he said "This is the fourth year in a row that CII is organising meeting between Trade Unions and Management to understand certain basic principles which helps in peaceful industrial environment.

Earlier we used to hear about strike in this sector, but CII strongly believes that these types of difference in opinion come because of lack of trust between Trade Unions and Management. Our objective is to have both of them on same platform, discuss broader issues to make their company and country competitive."

H. Mahadevan, Working President of AITUC and Deputy General Secretary of World Forum of Trade Unions, who also spoke on the occasion said, "Many Supreme Court decisions including the latest decision that all temporary workers who are on contract or casual worker entitled to the minimum wages of the industry's permanent workmen, are not being implemented. Laws which are there are not implemented and not allowed to be implemented also. Minimum wages, Recognition of Unions, Typical forms of employment, are three issues which are currently there and will be there in future as well."

"Surprisingly, 1957 Indian labour conference came out with certain norms which are yet to be implemented. There cannot be social dialogue unless there is no role of Trade Union. In the days to come our approach is first follow the international convention, and then follow the laws and have bipartism as a tool," he added.

Meenakshi Sundaram, General Secretary, CITU, Karnataka said that unionisation in unorganised industry is just 10 percent.

CII Mysuru Vice-Chairman Amit Kumar and Business Unit Head - Metering & Protection Systems, Larsen & Toubro Limited, said, "For any country's progress, industry's progress is very important. For industry to grow in the country, the atmosphere in shop floor needs to be conducive. For that employees play an important role. Trade Union leaders also play very important role on this. Mysuru industry has grown over the years but has a long way to go to catch up with bigger industry."

A.C. Narendra, Advocate and Management Consultant, who moderated the session, proposed a few issues including Falcon Tyre issue for discussion with Management and Union.

D. Satheesh Kumar, Vice-President - Operations, Rane Madras, also spoke on management perspective on progressive approach on industrial relations and mentioned that, healthy dialogues between the stakeholders will only bring in harmony in the industrial relations.

Earlier, K. Anantha Gowda, Convenor, HR Panel CII Mysuru, and GM - HR, Jubilant Generics Limited, welcomed. Gopal Krishna Sastry, Co-Convenor, HR-IR Panel, CII Mysuru and GM-HR/Admin, Wuerth Elektronik India, proposed a vote of thanks.
